

**2023-24 Orange County Section Election  
Candidate Statement**

**Delegate:            TRIET DANG**

My name is Triet Dang. As the time has come for PECG Orange County Section Election, I would like to ask for your support in running for Delegate this year.

I have recently joined Caltrans as a Transportation Engineer, working with Design Branch since March of 2023. Before Caltrans, I have been working as a Transportation Engineer for over 14 years.

During my career, I was involved with many professional organizations such as WTS and ASCE, serving several different positions within the organization: Young Mentors Committee, Community Service Committee.

I was introduced to PECG during the new employee orientation at Caltrans. Learning about the history and achievement that PECG has been done over the past inspired me to get involved and contribute. Running for Delegate will provide me with such opportunity.

Thank you for your consideration.
