

# PE ORANGE COUNTY SECTION

CG PROFESSIONAL ENGINEERS IN CALIFORNIA GOVERNMENT

## SECTION DELEGATE

### Anh Nghiem

Hello fellow PEEG members, my name is Anh Nghiem and I've been with Caltrans and a member of PEEG for a little over 6 years. I'm currently on rotation to Division of Design from Division of Planning and Local Assistance.

In my time outside of work, I'm involved in my local community-volunteering my time and home to rescue dogs in need of temporary shelter until they find their forever home. When I'm not caring for dogs, I volunteer teaching self defense to women in Orange County.

I'm hoping to get involved as a PEEG delegate so that I may be a helpful resource to our fellow colleagues. I've interacted with other delegates who were helpful during my career so far and it's time for me to step up and continue their service. I intend to provide the same level of high quality community service as I do in my extracurriculars.
