

PE ORANGE COUNTY SECTION

CG PROFESSIONAL ENGINEERS IN CALIFORNIA GOVERNMENT

SECTION DELEGATE

Bibars Kattao

Transportation Engineer (Electrical)
Caltrans – District 12
Years of State Service: 3.8 years

My name is Bibars Kattao, and I am a Resident Engineer at Caltrans District 12. By day, I manage construction projects that build our State's infrastructure and ensure our taxpayers' best interests. By night, I'll bring these skills to PECG when I become your delegate. At District 12, I've gained a profound understanding of our unique challenges. So, as your delegate, I'll ensure PECG's Corporate Board hears and understands your voice. I'll also help organize informative and engaging events—think fewer snoozefests and more must-attends. As an Electrical Engineer, I'll energize our local Section with new ideas and fresh perspectives, sparking better communication with local members and top management. My goal is to promote the image of engineers in the California government by showcasing our fantastic work. Together, we can achieve our Section's objectives by creating a supportive environment that encourages growth and adding a sprinkle of fun along the way.
