

# PE ORANGE COUNTY SECTION

CG PROFESSIONAL ENGINEERS IN CALIFORNIA GOVERNMENT

## SECTION DELEGATE

### Hussein Kalakech

I am excited to run for the delegate position for PEGG Orange County Section. I joined Caltrans in the year 2000 and have been working in District 12 as a Transportation Engineer Electrical. I joined PEGG immediately after I joined state service because early on in my career, I recognized the importance of working collectively for our common goals to achieve better pay, superb benefits, and comfortable pension. I recognize the importance as a PEGG members of being well informed about our various challenges so that we can actively be involved in decisions that touches our lives. As your D12 Orange County PEGG section representative, I will transmit your concerns and ideas to PEGG so that your voices are heard, and we can together ensure that we always achieve our pay, benefits, and pension goals. Moreover, I am committed to relaying your voice in seeking enhanced working conditions, upward mobility, and better recognition of our achievements and contributions at Caltrans.
